

**PETERSON'S WATERFRONT OWNER'S ASSN.
RESORT PARKING POLICY**

(The following policy will be in effect Memorial Day weekend through Labor Day weekend.)

During the peak season available parking spaces are very limited. Petersons currently has 87 available parking spaces for Owners and Renters.

Parking Permits are required for every vehicle and will be enforced. Two parking spaces per unit will be enforced. One parking space is assigned to each unit with corresponding unit number. Second vehicles are to park in non-reserved areas.

Owners who rent their units through outside rental companies are responsible for notifying the rental company of this policy. Owners will be responsible for any fines if renters are not properly notified.

Owners/Renters found to be in violation of not having a Parking Permit and/ or not following the two parking space per unit restriction will be fined and/or towed at Owners/Renters expense.

First Violation	\$50.00
Second Violation	\$50.00 and vehicle will be towed
