

BOARD OF DIRECTORS CANDIDATE APPLICATION:

I have served on the Peterson's Board since 2015 and as your President since 2016. During those years the Board has faced challenging issues such as the tremendous water damage to the exterior and so many other repairs that had been ignored. I feel positive with the improvements that have been made. It has been a slow process but we continue to work through the list. With my 43 years of operation and hospitality experience I have worked with Peterson's management and staff to take an ownership in their job and continue to strive to do better. We currently have a very talented and committed staff. Petersons and Chelan have a big place in my heart, and I enjoy giving back in a leadership role. I hope you will give me your support so I can continue to work with the Board and staff to improve your experience at Peterson's and protect your investment.
