

Rob Benveniste

I serve on other boards, and I enjoy working to better the organization, along with working together with others. I also want to be a voice of others that stay at Peterson's.

I would like to add my perspective of the positives and negatives that can help improve the association.

I offer experience in Policy Development, HOA, Public Relations, Communication, Construction & Maintenance, and Non-Profit.

I have been married for 31 years and have 2 grown kids. My son is 27 and my daughter is 24. I was born and raised in the Seattle area (Bellevue/Issaquah) and I am an avid sports fan.

I have been coming to Lake Chelan for 35 years, it is our "Paradise Vacation Spot". If you ask others about me, they will say I am a solution and problem solver for anything I see.
